

Manufacturer's Certificate Statement

Federal Tax Credit for Installing Energy-Efficient Windows and Doors

Atrium Windows and Doors – North Texas manufactures exterior windows and patio doors that, when purchased with a specific “tax credit low-e glass with argon gas fill,” meet or exceed the thermal performance requirements outlined in the American Recovery and Reinvestment Act of 2009, in accordance with Internal Revenue Notice 2006-26.

The American Recovery and Reinvestment Act of 2009 allows for a tax credit of 30% of the purchase price, up to a maximum of \$1,500 for the two-year period, for home improvement products installed in 2009 and 2010.

The products listed below, when ordered with the “tax credit low-e/argon” glass option, will achieve a U-factor of .30 or lower, and a Solar Heat Gain Coefficient (SHGC) of .30 or lower. The actual performance numbers for these products are reflected on each unit’s NFRC label, and the specific numbers may vary by series, style and other glass options.

Vinyl Window Series	Glazing Requirements
Series 8050/5700	Low-E 366/Argon
Series 8160/150/160	Low-E 366/Argon
Series 8500	Low-E 366/Argon
Series 8700	Low-E 366/Argon
Series 700/750	Low-E 366/Argon
Series 450	Low-E 366/Argon
Vinyl Sliding Patio Doors	Glazing Requirements
Series 8311/311	Low-E 366/Argon

This Manufacturer’s Certification Statement represents that the above mentioned products are “Eligible Building Envelope Components” and this document should be retained for tax record keeping by the homeowner. This document is not intended to constitute legal or tax advice. Individuals should contact their own independent tax advisers.

Under penalties of perjury, I declare that I have examined this certificate statement, and to the best of my knowledge and belief, the facts are true, correct, and complete.
